OBSERVATÓRIO DE SEGURANÇA RODOVIÁRIA

ROAD SAFETY IN MOZAMBIQUE

Protect Lives. Transform Traffic. Together!

Message from the President

The Mozambique Road Safety Observatory (OSR) works to promote a culture of road safety, safe mobility, and civic responsibility, contributing to the reduction of road traffic crashes and the protection of human life.

Through its programmes on Road Safety Awareness and Education, Safe Infrastructure and Mobility, Technology and Innovation for Road Safety, Consulting, Research and Advocacy, Support and Protection for Road Traffic Crash Victims, and Institutional Development and Sustainability, OSR implements initiatives across the country aimed at making roads safer for everyone.

We invite public and private institutions, partners, and citizens to join efforts in this shared cause, promoting safer, more inclusive, and sustainable mobility for Mozambique.

Pierino C Traquinho

Protect Lives. Transform Traffic. Together!

Who We Are

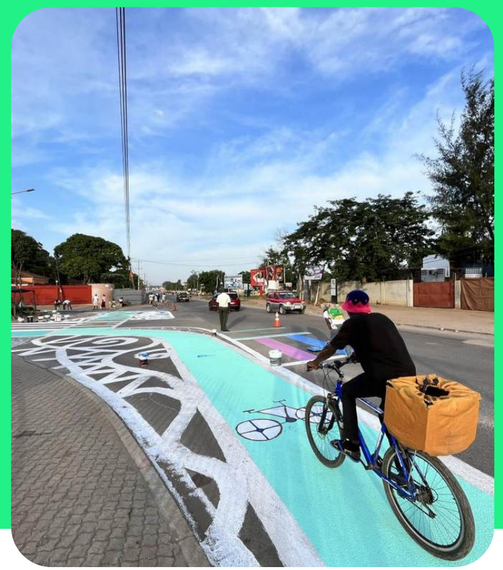

We are a Mozambican non-governmental, non-profit organization dedicated to transforming road traffic into a truly safe environment for everyone. We operate with independence, integrity, and social commitment, combining knowledge, innovation, and community engagement to save lives.

OSR was founded in 2023 as a civil society initiative in response to the high rate of road traffic crashes and the significant impact they have had on society in Mozambique.

As an association operating across various areas of humanitarian and social assistance, OSR carries out its activities with a focus on **Road Safety Awareness and Education; Safe Infrastructure and Mobility; Technology and Innovation for Road Safety; Consulting, Research and Advocacy; Support and Protection for Road Traffic Accident Victims; and Institutional Development and Sustainability.**

Protect Lives. Transform Traffic. Together!

OSR in Numbers

OSR AT A GLANCE, REAL IMPACT.

More than activities, real results.

Our work transforms behaviours, strengthens communities and contributes to safer roads in Mozambique.

Safer people.
Stronger communities.
Lives that **matter.**
